RANJITH C

SOFTWARE DEVELOPER • AI-ASSISTED DEVELOPMENT SPECIALIST

Kanniyakumari, Tamil Nadu, India | +91 95979 98489 | **ranjithshiva22@gmail.com** | **github.com/ranjith-devop** | **linkedin.com/in/ranjith9597**

PROFESSIONAL SUMMARY

Software Developer with **1 year of professional experience** building scalable, maintainable web and mobile applications with advanced proficiency in **AI-assisted development** (Cursor, Google Antigravity, GitHub Copilot, Gemini CLI, Claude). Experienced across frontend (React.js, Tailwind CSS), backend (Express.js, Elysia.js, PHP, Laravel), mobile (React Native, Flutter), and databases (MySQL, PostgreSQL, MongoDB). Proven track record of leveraging AI workflows for accelerated prototyping, code refactoring, automated testing, and building resilient user-centric products.

PROFESSIONAL EXPERIENCE

Edmond Remedies | Software Developer L1

Oct 2025 – Oct 2026

- **Feature Engineering:** Contributed to end-to-end design, development, and maintenance of core application features adhering to product specs and clean coding standards.
- **AI-Assisted Efficiency:** Leveraged **AI-assisted development environments (Cursor, GitHub Copilot, Antigravity)** for rapid prototyping, complex code refactoring, context-aware debugging, and automated test scaffolding, accelerating delivery cycles.
- **Performance & Debugging:** Diagnosed and resolved application bugs, optimized critical runtime bottlenecks, and enhanced overall system stability and code maintainability.
- **API & Data Integration:** Engineered and integrated RESTful APIs, orchestrating seamless data flow between decoupled frontend client apps and backend micro-services.
- **Database Operations:** Performed schema queries, updates, and performance tuning across relational (MySQL) and NoSQL (MongoDB) databases.
- **Agile & Teamwork:** Collaborated actively with cross-functional engineering teams in Agile sprints, Git pull-request workflows, and peer code reviews.

AK Infopark | Full-Stack Development Intern

15-Day Onsite Internship

- Acquired hands-on experience in full-stack web application development utilizing **React.js, Express.js, and MongoDB**.
- Implemented reusable component-based user interfaces with state management, modular CSS, and responsive layouts.
- Explored server-side architectural patterns, API endpoint handling, and database CRUD operations in MongoDB.

TECHNICAL SKILLS & AI ARSENAL

AI-Assisted Dev:	**Cursor (Composer/Agentic), Google Antigravity, GitHub Copilot, Gemini CLI, Claude 3.5, Zcode, Prompt Engineering, Agentic Workflows**
Languages:	Java (Core & OOP), JavaScript (ES6+), PHP, C (Basics), SQL
Frontend:	React.js, Tailwind CSS, HTML5, CSS3, Blade, Framer Motion, Responsive Design
Backend & Frameworks:	Express.js, Elysia.js (Bun), Node.js, PHP, Laravel, RESTful APIs, JWT Auth
Mobile Development:	React Native, Flutter, Expo, AsyncStorage, Mobile Navigation
Databases:	MySQL, PostgreSQL, MongoDB, Mongoose, Relational & NoSQL Schema Design
Tools & Editors:	Git, GitHub, VS Code, Cursor, Antigravity, Postman, Vite, Bun/npm, Agile/Scrum

NOTABLE PROJECTS

Smart Medication App | React Native • AI Chatbot Integration

github.com/ranjith-devop/Smartmeds

- Engineered mobile healthcare application with dosage tracking, schedules, and **integrated conversational AI Chatbot API** for real-time medicine queries.
- Architected with React Native, Node/Express backend, and MongoDB for secure patient prescription storage.

Memory Management Application (Memo) | React Native • Express.js

github.com/ranjith-devop/Memo

- Developed note & memory tracking app featuring fast search, media attachments, offline persistence with AsyncStorage, and cloud sync APIs.

Pattern-Based Authentication System | React.js • HTML5 Canvas

patternauthsystem.netlify.app

- Created visual gesture authentication system utilizing interactive canvas gesture tracking as biometric access credentials instead of plaintext passwords.

EDUCATION

Rohini College of Engineering and Technology | B.E. Computer Science and Engineering

2022 – 2026 | CGPA: 8.06 / 10
